**Electrical Mount**

Electrical code approved mounting block ensures proper installation of light fixtures and electrical receptacles

**Coach Covers**

Snaps easily over the Electrical Mount, enabling you to change its color to match or accent your siding. Also available in Polished Brass.

**Standard Mount**

Snaps easily over the Electrical Mount to enlarge the mounting surface for large coach light fixtures.

**Mini Mount**

This standard model is a practical choice for mounting light fixtures, receptacles and faucets. To be used in conjunction with an electrically-approved box.

**Recessed Mini Mount**

Used for mounting door bell buttons, receptacles or any other small items

**Meterbase Mount**

Used for mounting meterbases, hose reels and any other large items. Offset flange allows the ability to stack meterbases next to each other for gang meters

**Flush Mount**

The perfect choice for mounting light fixtures and receptacles after siding has been installed. Fits on top of double 4" and double 5" lap siding
